---

I am a web developer with a strong foundation in system testing and engineering. Skilled in HTML, CSS, JavaScript, React, and Node.js, I have created responsive and user-friendly web applications, including the Smart-Brain app and RoboFriends. I am eager to apply my problem-solving skills and attention to detail in a web development role, continuously improving my knowledge and contributing to innovative tech solutions.

## WORK EXPERIENCE

---

### Continental Automotive

**Mar. 2022 – Present**

*System Test Engineer*

*Timisoara, Romania*

- Streamlined communication between cross-functional teams to expedite bug resolution and improve product release timelines.
- Implemented a novel method for prototypes utilizing a smart locker system, adopted globally.
- Facilitated knowledge sharing through regular meetings and workshops on emerging technologies.
- Conducted comprehensive tests and identified defects, improving system functionality.

## PROJECTS

---

### [RoboFriends Application](#)

- Created a responsive React application that displays a list of robot friends.
- Implemented search functionality to filter robots by name.
- Utilized the JSONPlaceholder API for fetching robot data.

### [Image-Brain Application](#)

- Developed a full-stack facial recognition app using React, Node.js, Express, and PostgreSQL.
- Implemented user authentication and image submission functionality.
- Integrated with the Clarifai API for facial detection.
- Deployed the application on Heroku, ensuring it is accessible online.

## EDUCATION

---

### University Name: Universitatea Politehnica Timisoara

**Jul. 2023**

*Degree: Bachelor of Science (B.S) in Civil Engineering*

*Timisoara, Romania*

- Secured third place in a building construction project competition, showcasing strong teamwork and project management skills.

## CERTIFICATIONS

---

- The Zero to Mastery Complete Web Developer Course

## SKILLS & INTERESTS

---

- **Web Development:** HTML, CSS, JavaScript, React, Node.js, Express
- **Tools:** Git, GitHub, VS Code, Heroku
- **Soft Skills:** teamwork, collaborative problem solving, communication
- **Interests:** football, fitness, traveling, movies, technology, music
